Real Growth Report

Instructions for Stake and Ward Leaders

For use in the Utah Salt Lake City Central and Utah Salt Lake City West missions

Overview

A new key indicator report has been developed for the Utah Salt Lake City Central and Utah Salt Lake City West missions. This report focuses on the following indicators of real growth:

- Weekly sacrament meeting attendance.
- Temple recommend holders.
- Convert baptisms and confirmations.
- Melchizedek Priesthood ordinations.
- Missionary appointments set by the ward council.

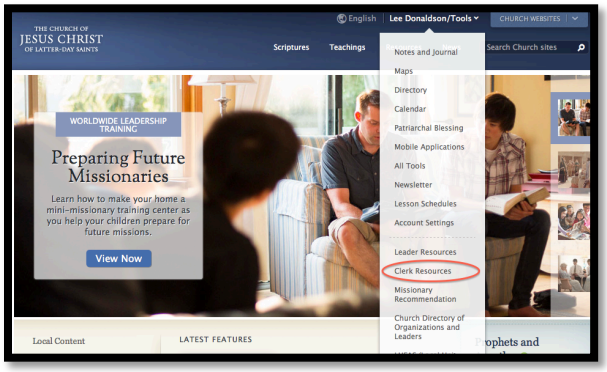

Audience

Within these two missions, the following are able to access the report for their associated units:

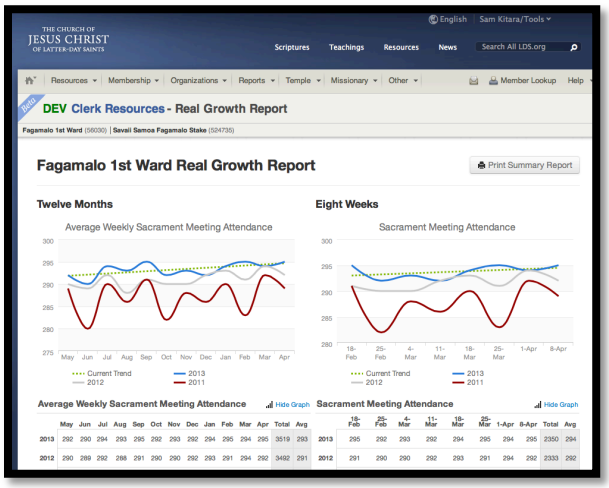

- Area Seventies.
- Mission presidents.
- Stake presidencies.
- High councilors.
- Bishoprics.
- Stake and ward clerks.
- Ward mission leaders.
- Full-time missionaries.

Real Growth Report

Stake and ward leaders can view the Real Growth Report by going to LDS.org and selecting **Clerk Resources** under the **Sign In/Tools** menu in the upper right-hand corner. Use your LDS.org username and password to log in.

After logging in to **Clerk Resources**, select **Real Growth Report** from the **Missionary** menu. Select **Print Summary Report** to print a report summary and graphs.

Data Entry

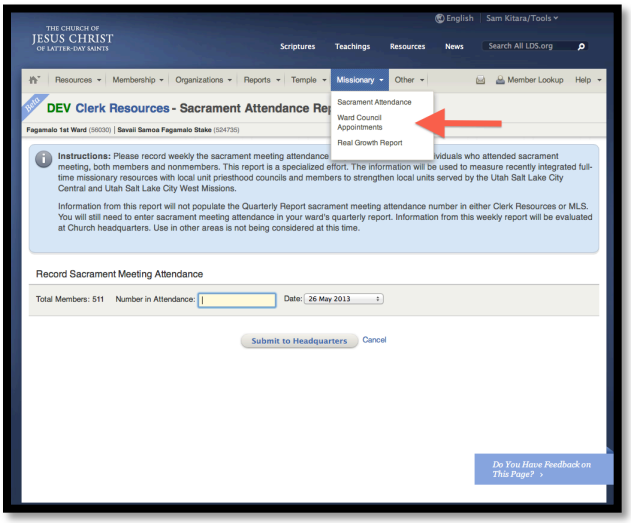

Links to data entry screens are found under the **Missionary** menu. The ward mission leader enters the following data weekly:

- *Sacrament Meeting Attendance*: This includes everyone in attendance, including members, nonmembers,

and children. In the event of a stake conference, general conference, or canceled sacrament meeting, please enter the same number as the previous week.

- *Missionary Appointments Set by the Ward Council:* Input the number of missionary appointments set by the ward council during that week. Appointments may be with members or nonmembers.

If the ward mission leader is unavailable, a ward clerks or a member of the bishopric may enter this data.

How to Effectively Utilize the Real Growth Report

Following are some suggestions on utilizing the Real Growth Report:

1. Regularly review the Real Growth Report in ward council to monitor trends and make adjustments.
2. Identify individuals and families who are missing the blessing of regular church attendance, priesthood ordination, or temple attendance.
3. Assign ward members to invite individuals and families to be taught by the full-time missionaries.
4. Assign missionaries to teach individuals and families.

Access by Full-time Missionaries

Full-time missionaries access the Real Growth Report via the Missionary portal and are able to view reports for any unit to which they are assigned.
