# How to get LDS Stake Calendar on iPad

*This is all done on your iPad, no need to use a desktop computer.*

1. Go to lds.org
2. Go to '**Calendar**' in tools section and sign in using lds username and password
3. Click on the gear symbol upper right corner
4. Click on '**Sync**'
5. Click on '**Apple iCal**'
6. Click '**Generate new sync URL's**'
7. Highlight and Copy the new URL that is in bold
8. Click the '**home**' button on the iPad
9. Click '**Settings**' app
10. Click '**Mail,Contacts,Calendar**'
11. In **Accounts** section on right hand side click '**Add Account**'
12. Click '**Other**'
13. In the **Calendars** section click '**Add Subscribed Calendar**'
14. In the '**Server**' Box paste the URL that was copied from lds org (Step 7)
15. Click **Next** – No need to add your User Name or Password
16. Click **Save**
17. On the '**Settings**' side click '**Mail,Contact,Calendars**'
18. In accounts click '**Fetch New Data**'
19. Click the '*lds.org/church…*' Calendar – Click '**Fetch**'
20. Process is complete. Press '**Home**' button, then '**Calendar**' app
21. Be aware that it can take up to 24 hours for the lds calendar to sync with the iPad and as such you will not see any change to the iPad calendar. It can however sync within an hour of having set it up. Check the calendar frequently to check that the lds calendar has come across.
