To register on *FamilySearch.org* you need your LDS Member # and birth date.
The ID and Password you choose when registering for *FamilySearch*
will be your *LDS Account ID* and *Password* that you can use on other LDS sites.

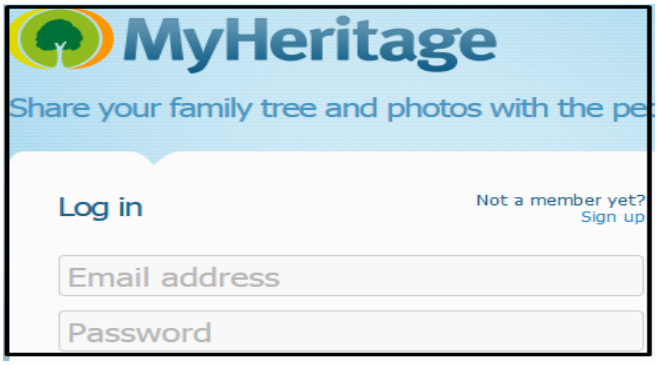

For security's sake, use a different password than the one you chose for your FamilySearch (LDS Account) for *Ancestry.com*, *findmypast*, and *MyHeritage* (below)– however, it can be the same password for these three.

ancestry.com findmypast MyHeritage

DON'T LOSE THIS, and KEEP IT SECURE
