The MEVO camera has an external audio input TRS jack on the back of the camera. This input will accept mono mic level OR STEREO LINE LEVEL signal. You can connect the MEVO directly to the the chapel's "record Out" jack with a 50-75 ft, 3.5mm, TRS male to TRS male cable and a 3.5mm mono plug to 3.5mm stereo jack adapter.

The first picture is the MEVO APP Audio Mixer screen. The second picture shows what happens on the screen when you connect the chapel record out jack to the camera. Change the Line/Mic button to the Line position and adjust the gain control while someone is talking at the pulpit. Use the audio meters on the right side to guide your gain adjustment.

Video demonstrating use of the external audio jack (FF to 22:00) https://youtu.be/Em_hB0nQ4P0?t=1319
